To request assistance or translation services, contact Michael Stevenson at (510) 986-1852 or [Michael@horizonh2o.com](mailto:Michael@horizonh2o.com).

The Bureau of Cannabis Control (Bureau), formerly named the Bureau of Medical Cannabis Regulation, is developing regulations pursuant to the Medicinal and Adult-Use Cannabis Regulation and Safety Act (MAUCRSA) to establish a regulatory licensing and enforcement program (Proposed Program) for commercial cannabis distributors, retailers, testing laboratories, and microbusinesses. The overall purpose of the Proposed Program is to establish a regulatory licensing and enforcement program that ensures medicinal and adult-use commercial cannabis activities are performed in a manner that protects the environment, commercial cannabis industry workers, the general public, and complies with applicable laws.

### CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA):

As lead agency under CEQA, the Bureau has prepared an Initial Study/Proposed Negative Declaration (IS/ND) for the Proposed Program. Based on the findings of the IS/ND, the Bureau has determined that the Proposed Program would not have any significant effects on the environment.

The Bureau is making the IS/ND available for public review and will consider public comments regarding the content of the IS/ND. The Bureau also welcomes public participation at three workshops where the public will have an opportunity to ask questions about the IS/ND and submit comments.

The IS/ND can be viewed online at: [www.bcc.ca.gov](http://www.bcc.ca.gov).

---

The formal comment period for the IS/ND begins on  
**September 6, 2017, and ends at 5pm on October 6, 2017.**

### Written comments can be mailed to:

Bureau of Cannabis Control  
Attention: Sara Gardner  
1625 North Market Boulevard, Suite S-202  
Sacramento, CA 95834
